

Unity Healthcare – Practice (Salaried) GP

Job title:	Unity Healthcare (Salaried) GP
Reporting to:	GP Clinical Lead
Place of work:	Greenfields Way, Haverhill CB9 8LU
Type of contract	Salaried permanent
Salary	£11,000 per session with indemnity and NHS Pension

The Practice

Suffolk GP federation is a not for profit community interest company providing services to our GP practice members and offering a portfolio of patient services. This includes Unity Healthcare in Haverhill.

Unity has a 17,500 list and has been managed by the Federation since July 2007. The practice employs a team which includes pharmacist, physio, Practice Paramedics, Physician Associates. We are also a Training Practice.

The role

We are advertising for a Practice GP. The nearest equivalent role is a 'salaried GP' but our role involves a combination of clinical work (a fixed number of appointments with no extras) and a development role either in the practice or wider Federation. This wider role can be varied and could include:

- An opportunity to widen your clinical expertise or specialise e.g. become a trainer, be involved with our other Federation services such as diabetes, pain and cardiology.
- Career development – in particular the opportunity to develop the skills needed to become a future practice Clinical Lead, which we envisage to be the next step in your career.
- Active participation in the development of the practice – for example taking a lead on aspects of its clinical development or working with other practices in the locality.
- Support and mentorship.

The successful applicant

We are looking for an enthusiastic, flexible, self-motivated GP who wants to be part of a team developing the practice and the new role of Practice GP within the Federation. You must be eligible to work in the UK, have full GMC registration, be on the Medical Performers List and be a member of a recognised medical indemnity organisation.

The package

£11,000 per session with NHS pension scheme, 6 weeks leave and 1 week study leave.
